

May 26, 2022

Dear Highpoint Parents,

As you already know, this year's *required* Summer Assignments will include the Math Skills Practice Book (*attached*) which will be due the **first week of school** for the 2022/23 school year. The completion of the book will count as a Math grade for your child and serve as a review for "Back to School". After teachers review the contents of the book in class, students will be quizzed solving similar problems on their own.

Reminders:

- Each book has its own set of instructions found inside, so read them carefully.
- Please, **DO NOT tear off any pages from the lessons portion of the book.** It must remain intact and be submitted for a grade when the next school year commences.
- We highly encourage students to pace themselves and work on one lesson at a time and/or complete 3 or 4 lessons a week.
- There are "**Help Pages**" and additional resources located in the front and back of the book to help students better understand the "thinking process" behind solving some of the problems. *The answer key has been removed for 3rd thru 8th Grade.

Our primary goal in all we do is for our students to grow to be happy, healthy, and confident in all areas of their lives. We thank you for your cooperation and appreciate your support in helping our students always strive to be the best they can be in ALL they do!

If you have any questions, comments or concerns, please feel free to contact us at any time. Enjoy your summer and stay safe!

Warmest Regards,
Mrs. Torres
Program Director
